

Hybrid Panel

Space Saving
Raised Floor Panel

Monitor. Integrate. Alert. Peace of Mind.

Applications

Hybrid open area airflow panels are designed to provide maximum airflow distribution that fits into new or existing raised floor systems requiring a space saving design.

Key Features

- Alternate the orientation of the slotted/chamfer side
- Provides the durability and airflow
- TopSet levelers designed for easy leveling to different raised floor panels
- Static dissipative textured powder coat finish eliminates delamination and missing/broken edge trim issues

Complete Airflow Solutions For Every Facility

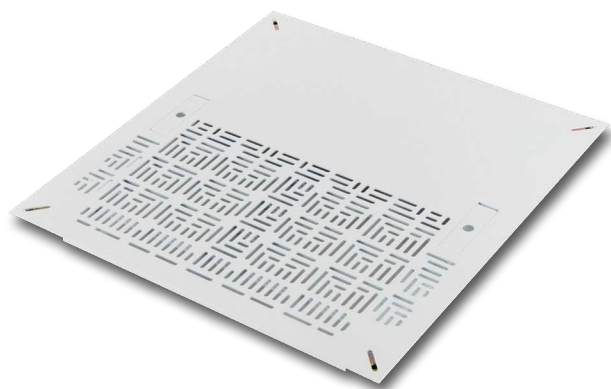

Save Space in Data Center Aisles. Hybrid panels allow you to save space between the rows of racks in your facility, reducing aisle space from 4 feet to 3 feet.

What Sets RLE's Hybrid Panel Apart?

- **Space saving design reduces aisle width to be 3' instead of 4'** allowing you to configure your data center so less space is dedicated to aisles
- **Patented Integrated Dual Handles** make lifting and moving panels fast, safe, and easy
- **Provide the durability and airflow your aisles requires** by alternating the orientation of the slotted/chamfer side of the panel

Hybrid Panel • Compatible with all new and existing raised floor systems

Product Codes	
TRHYS-CWT	Imperial 3000 lbs, 610 Slotted airflow/solid Cold Aisle Space Saver, Crystal White
TRHYS-GFT	Imperial 3000 lbs, 610 Slotted airflow/solid Cold Aisle Space Saver, Grey Flek
TRHCF-CWT	Imperial 3000 lbs, 610 Chamfer airflow/solid Cold Aisle Space Saver, Crystal White
TRHCF-GFT	Imperial 3000 lbs, 610 Chamfer airflow/solid Cold Aisle Space Saver, Grey Flek
TRHYSM-CWT	Metric 3000 lbs, 600 Slotted airflow/solid Cold Aisle Space Saver, Crystal White
TRHYSM-GFT	Metric 3000 lbs, 600 Slotted airflow/solid Cold Aisle Space Saver, Grey Flek
TRHCFM-CWT	Metric 3000 lbs, 600 Chamfer airflow/solid Cold Aisle Space Saver, Crystal White
TRHCFM-GFT	Metric 3000 lbs, 600 Chamfer airflow/solid Cold Aisle Space Saver, Grey Flek

Hybrid Chamfer Panel
Crystal White

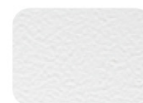

Align our patented stratification fin to direct air *exactly* where you need it.

Triad Powder Coat Color Options

Grey Flek

Crystal White
